Horizon® 2 Faceplate

Horizon® 2 faceplates (HZ2-FP-G series) are essential installation components of every Horizon 2 installation to provide a finished appearance with customizable design elements. Each faceplate features side panels that match the keypad's textured button faces to provide a clean, contiguous surface from edge to edge.

Multigang Expansion with Horizon 2 Faceplates

Install up to four Horizon® 2 devices side-by-side in a US multigang electrical box with a compatible HZ2-FP-G series faceplate. When multiple devices are installed in a 2-, 3-, or 4-gang faceplate, the buttons on the devices are aligned to form one continuous control surface.
