

# Crestron Capture HD Workflow

## 1. Schedule

- Use Microsoft® Outlook®, Lotus Notes® or R25® and schedule a meeting as you normally would.
- Be sure to include the room you are using as a resource.

## 2. Record

- Lights, camera, action!
- When you're ready, hit the "record" button and start presenting.
- Your content and video will be captured.

## 3. Stop

- When you are finished, hit the "stop" button.
- Your video uploads to the server automatically.

## 4. Delivery

- Once on the server, the video is prepared for distribution to Blackboard® or iTunes®U.

Blackboard

iTunes U

- The content is pushed via RSS for delivery to the viewers.

## 5. Viewing

- Sit back and enjoy the movie!
- View your movie from any web browser, iPad®, iPhone®, or Android™ device.
