## Mounting Kit for X-Series Amplifiers

- The RMK-AMP-X is a rack mount kit designed to accommodate [AMP-X300](#), [AMP-X50MP](#), and [AMP-X75](#) amplifiers.
- Provides a secure rack mount solution for placing multiple units together in a rack.
- Facilitates joining several sub-1RU units together to fill out a single rack unit space, or to extend the faceplate of a single sub-1RU unit to fill an entire 1RU space.

The Crestron RMK-AMP-X is a rack mounting kit designed to provide a complete mounting solution for Crestron sub-1RU modular X-Series Amplifiers. The kit includes components for either extending the faceplate of a single sub-1RU unit to fully fill out a 1RU space in the rack, joining several sub-1RU models together to fill out a 1RU width space, or a combination of both (for example, pairing two quarter-rack width AMP-X75's and extending the faceplate out for the remaining half-rack width coverage).

The kit includes joining plates, rack ears, and fascia plates to facilitate any combination of quarter-rack and/or half-rack width X-Series Amplifiers in a 1RU space.

### Specifications

#### Dimension-Rack Ear (Half Width)

Height	0.85 in. (22 mm)
Width	9.50 in. (241 mm)
Depth	1.72 in. (44 mm)

#### Dimension-Rack Ear (Quarter Width)

Height	0.85 in. (22 mm)
Width	5.17 in. (131 mm)
Depth	1.72 in. (44 mm)

#### Dimension-Fascia plate (Half Width)

Height	1.74 in. (44 mm)
Width	8.66 in. (220 mm)

#### Dimension-Fascia plate (Quarter Width)

Height	1.74 in. (44 mm)
Width	4.33 in. (110 mm)

#### Joining Plate

Width	1.96 in. (50 mm)
Depth	1.185 in. (30 mm)

#### Environmental

Temperature	4° to 176° F (-15.5° to 80° C)
Humidity	10% to 95% RH (non-condensing)

#### Weight

1.10 lb (0.45 kg)

#### Model

**RMK-AMP-X**
