

IDOC-PAD-LCA-DSC

iPanel® Table Dock for iPad Air® and iPad® Devices

- Provides a stylish table dock for an Apple® iPad Air® (1st Generation) or iPad® (6th Generation) device
- Transforms the iPad device into a stationary touch screen
- Charges the iPad device while docked
- Retains use of the device's microphone, speaker, camera, and buttons
- Allows for easy docking and undocking
- Available in smooth white or black finishes

The Crestron® iPanel® table dock (IDOC-PAD-LCA-DSC) provides a stylish tabletop docking solution for an Apple® iPad Air® (1st Generation) or iPad® (6th Generation) device.¹ The iPad device slides easily into the iPanel dock, instantly transforming it into a stationary tabletop touch screen. The iPanel dock also charges the iPad device while it is in use. The iPad device can be removed easily from the iPanel dock to resume portable use at any time.

As part of a complete Crestron control solution, the IDOC-PAD-LCA-DSC allows an iPad device to be used for home theater, whole-house automation, and commercial AV and room control applications. The Crestron Control® protocol is enabled on the iPad device by downloading and installing the Crestron App², which provides professional Crestron touch screen functionality through a customizable graphical interface.

iPanel docks are also ideal for use with Crestron Home™ OS for system control via the iPad device.

NOTE: The IDOC-PAD-LCA-DSC supports 1st generation iPad Air and 6th generation iPad devices only. For iPad Air 2 or iPad Pro® 9.7 devices, refer to model [IDOC-PAD-LCA2-DSC](#).
