Assembly

The Zūm Mesh battery-powered wireless keypad is installed between the ZUMMESH-KP-BATT-TTK cover and base. The pieces are secured with two included screws via screw holes on the bottom of the base. Use a #1 Phillips tip screwdriver.

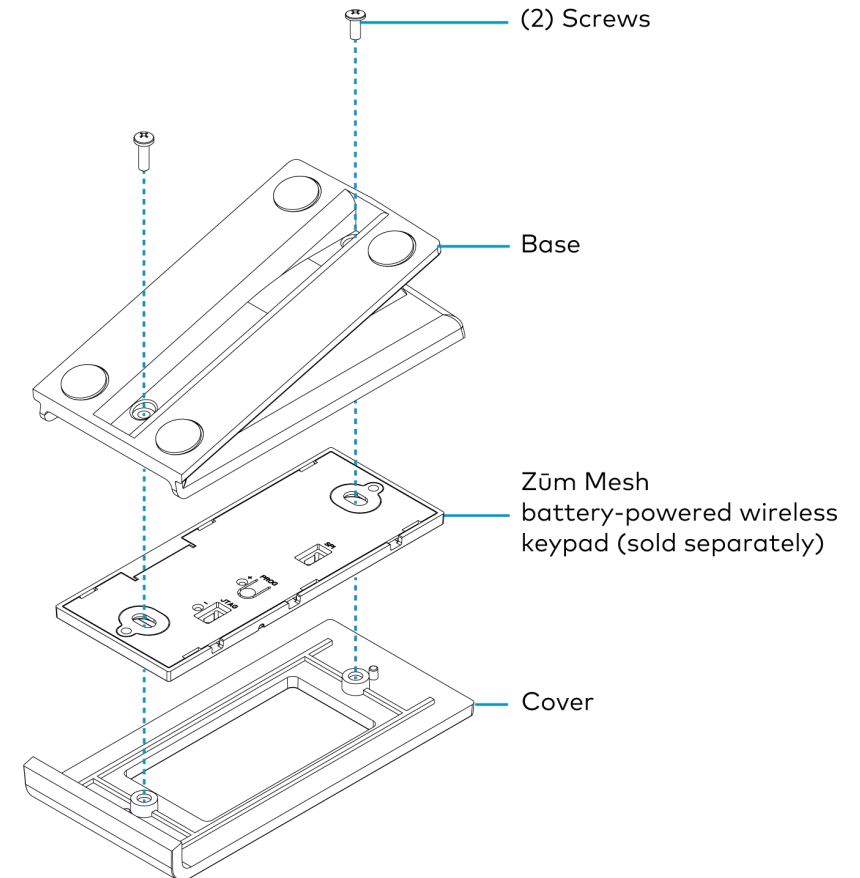

Top View

To assemble the kit:

1. Cradle the keypad inside the cover and lay the base on top of the keypad.
2. Align the holes and use the two included screws to secure all three pieces.
