Sonos® Port™ Versatile Streaming Component for Your Stereo or Receiver

- Streams music and more to a connected amplifier or receiver
- Control with the Sonos app or Apple® AirPlay® 2 software, and easily expand a sound system to more rooms
- Enjoy music, podcasts, audiobooks, and Internet radio through your audio system
- Stream vinyl, CDs, and stored audio files to a stereo system or to Sonos speakers in other rooms using the line-in

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

For complete details on Sonos® Port™ and other Sonos products, please visit <http://www.sonos.com>.
