

GLA-TR-200 and GLA-TR-250

STEINEL™ Super Duty Power Pack

GLA-TR-200

GLA-TR-250

- 20A normally closed latching relay for fail safe operations
- 20A plug load control
- Maintained or momentary switch input
- Communication link input
- Time delay
- Power up sequence ON, OFF, Last State
- Select either Manual ON or automatic ON operation via DIP switch
- LED status indicator
- Switching is performed at, or close to, the zero-cross of the AC waveform in order to improve relay performance
- 1/2 in. threaded nipple and two lock nuts are used to secure to a standard 1/2 in. knockout
- Low voltage maintained or momentary switch input allows for manual control
- Power supply provides up to 270mA of 24VDC to low voltage controls

The GLA-TR-200 and GLA-TR-250 are full-featured, super duty lighting and plug load power packs that provide power to low voltage occupancy sensors and other control devices. The power packs switch the load(s) on and off in response to signals from control inputs.

The GLA-TR-250 contains force on and force off inputs for use with a building management system. The isolated normally open and normally closed relay is used for signaling a BMS, HVAC controls, or other low voltage devices.

The GLA-TR-200 and GLA-TR-250 are Class 2 Output Power Supplies, suitable for parallel interconnection.

Specifications

Power Requirements

Voltage	120/230/277VAC, 50/60Hz
Output	24VDC +/- 5% 270mA (class 2)
Load	20A Ballast/ELV/MLV/Tungsten/LED 16A E-Ballast/CFL 1 hp @ 120-240VAC, 50/60Hz 20A, 120VAC Plug load - receptacle

Isolated Relay (GLA-TR-250 only)

Single pole, double-throw with NO, NC and common contacts; rated A @ 30VAC/VDC

Wires

Line voltage wires	(1) Black, 18 AWG, Line (1) White 18 AWG, Neutral (2) Red 12 AWG, Normally Closed dry contact from the 20A relay
---------------------------	--

Low-voltage conductors	(1) Red 22 AWG, +24VDC (1) Black 22 AWG, -24VDC (1) Blue, 22 AWG, Control Input (1) Brown 22 AWG, Communication Link (1) Gray 22 AWG, Switch Input
-------------------------------	--

Additional wires on the GLA-TR-250:

- (1) Orange, 22 AWG, Override On
- (1) Brown/Orange, 22 AWG, Force Off

Isolated relay contacts:

- (1) Yellow/Red, 22 AWG, Normally Open
- (1) Yellow, 22 AWG, Relay Common
- (1) Yellow/Black, 22 AWG, Normally Closed

Environmental

Temperature	-4° to +130°F (-20° to +55°C) Rated IP20
--------------------	---

Mounting

1/2 in. threaded nipple and two lock nuts are used to secure to a standard 1/2 in. knockout

Dimensions

Height	3.80 in. (96 mm)
Width	2.96 in. (75 mm)
Depth	1.52 in. (38 mm)

Compliance

UL® Listed 2043 Plenum Rated
