

HZ-TRIM-G Series

Horizon™ Paintable Trim

- > Enables custom trim colors
- > Lightly textured plastic surface to accept a custom paint finish
- > Available in light gray for light color paint or dark gray for dark color paint
- > Available in 1, 2, 3, and 4 gang sizes

Horizon™ paintable trim (HZ-TRIM-G series) provides a set of top and bottom trim pieces for use with Horizon faceplates (HZ-FP-G series). Each plastic trim piece is lightly textured to accept the application of a custom paint finish. They are available in either dark gray or light gray to accommodate a full spectrum of paint colors.

The paintable trim pieces install in place of the standard trim that ships with each faceplate (HZ-FP-G series)^[1]. They are available in 1, 2, 3, and 4 gang sizes and attach magnetically, allowing for a toolless cosmetic upgrade without removing the faceplate or device from the wall.

SPECIFICATIONS

Construction
