## Sonos® PLAY:5 Wireless Speaker, White

- *Fills a large room with pure, brilliant sound*
- *Bold, pure, dynamic, intense – With deep bass that packs a punch*
- *Uncompromised sound whether vertical or horizontal*
- *Convenient, ultra-responsive top panel touch controls*
- *Line-input: Plug in any device you want*
- *AirPlay® compatible*
- *Streams over Wi-Fi®, not Bluetooth®, so the music never stops, even if you get a phone call*
- *Easy integration with Crestron 3-Series® control systems and Crestron Home™ systems*

Sonos is the world's leading wireless Home Sound System that fills all the rooms in your home with high-quality streaming music, movies, and TV. Sonos streaming music players and wireless speakers fit cohesively with Crestron® home automation solutions, allowing touch screen access to a wide variety of streaming music services, and enabling audiophile-quality wireless audio throughout the home. To simplify purchasing and integration of our combined powerhouse technologies, Crestron is proud to offer the complete line of Sonos products, now available for purchase through Crestron dealers (in the United States only).

If you're an obsessive audiophile and hard-core music lover, PLAY:5 is your speaker. It's the biggest and best-sounding Sonos wireless speaker. So, whether you've got a big room to fill with music or a discerning ear for divine sound, PLAY:5 has you covered.

PLAY:5 is the audiophile's ultimate Sonos speaker. It features three tweeters in a phased array that creates a wide stereo soundstage, directing sound to the left, right, and center. Its three mid-woofers ensure faithful playback of vocal frequencies in addition to rich bass without distortion, even at high volumes.

Pair two PLAY:5s in the upright position and the speakers smartly adjust to become a stereo pair with incredibly detailed stereo separation. Place a single PLAY:5 horizontally and it plays stereo sound automatically.

For complete details on PLAY:5 and other Sonos products, please visit <http://www.sonos.com>.
