

Installation/Configuration Procedures

These procedures assume that the SW-WMC Windows Media Center Interface Software program has been downloaded from the Crestron website to the Windows Media Center. To use the program, it must first be installed and configured.

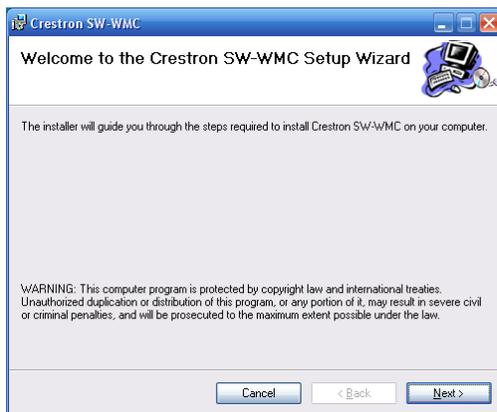

Installation

Locate the downloaded program and do the following:

- Double-click the SW-WMC_Setup.exe icon to open the SW-WMC InstallShield Wizard.

- Click **Next**, and when the “License Agreement” screen appears (not shown here), click the “accept” statement, and click **Next** again.
- When the SW-WMC Setup Wizard welcome screen appears, click **Next** to begin the setup process.

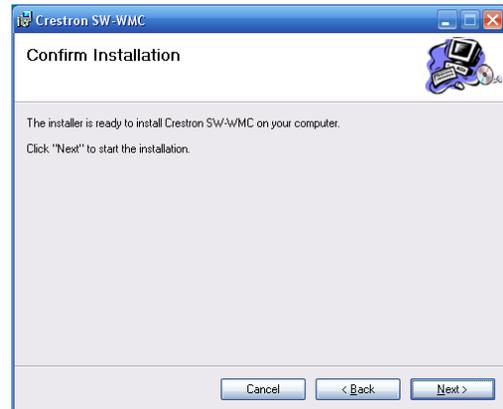

- Click **Next** to go to the “Confirm Installation” screen.

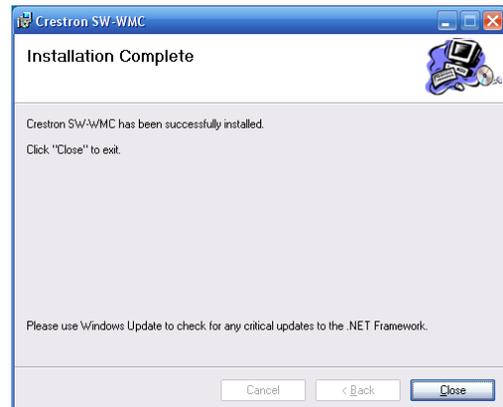

- Follow the instructions to identify the folder where the SW-WMC program is to be installed.

- Click **Next** to go to the “Confirm Installation” screen.

- Click **Next** to start the installation. When the installation is finished, the “Installation Complete” screen appears. Click **Close** to end.

- Configuration instructions are given on the next page.

Configuration

The following is the default path to locate and begin the configuration program:

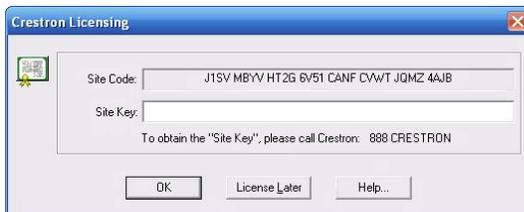

Start | Programs | Crestron | SW-WMC | SW-WMC Configuration

The following screen appears:

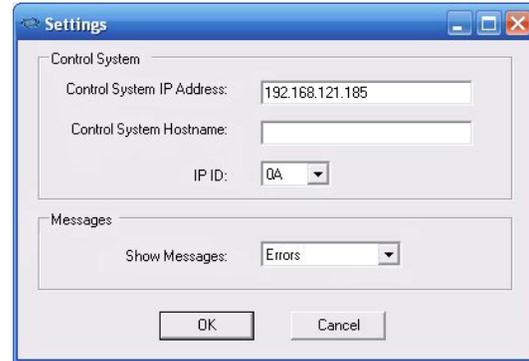

- Click **License** to obtain a site license for the program. Refer to the “Crestron Licensing” screen below.
- Click the check box to enable the SW-WMC Add In file to appear on your Windows Media Center.
- Click **Settings** to enter information needed by the system. Refer to the subsequent “Settings” screen.

“Crestron Licensing” Screen

- To obtain the site license, follow the instructions to call Crestron. You will be asked to provide the *Site Code* shown on your screen. Enter the *Site Key* supplied by Crestron and click **OK**.
- If you wish to wait to obtain the site license, click **License Later**.

“Settings” Screen

- Enter the control system IP address.
- Enter a control system host name (optional).
- Select the *IP ID* from the drop-down list.
- Select the desired option for the *Show Messages* field from the drop-down list (**None** is the default; for troubleshooting, select **Errors**).
- Click **OK** to enter the settings.

Refer to the latest version of the Windows Media Center Interface Software User Guide, Doc. 6535, for detailed operating instructions.

Further Inquiries

If you cannot locate specific information or have questions after reviewing this guide, please take advantage of Crestron's award winning customer service team by calling the Crestron corporate headquarters at 1-888-CRESTRON [1-888-273-7876]. For assistance in your local time zone, refer to the Crestron website (www.crestron.com) for a listing of Crestron worldwide offices.

You can also log onto the online help section of the Crestron website to ask questions about Crestron products. First-time users will need to establish a user account to fully benefit from all available features.
