

## ANT-EXT-10

### Antenna Extender Installation Guide

#### Description

The ANT-EXT-10 Antenna Extender is designed for use with many Crestron® RF gateways, allowing the device to be installed in an equipment rack or similar enclosure while the antenna is mounted outside the enclosure.

#### Additional Resources

Visit the product page on the Crestron website ([www.crestron.com](http://www.crestron.com)) for additional information and the latest firmware updates. Use a QR reader application on your mobile device to scan the QR image.

#### Installation

Complete the following steps to properly set up and connect the antenna extender.

1. Remove the protective dust cover from the connector at the top of the antenna extender.
2. Attach the connector at the end of the cable to the device's antenna connector.
3. Attach the device's antenna to the connector at the top of the antenna extender.

For placement and orientation guidelines, refer to the manual for the device or the Best Practices for Installation and Setup of Crestron RF Products Reference Guide (Doc. 6689), at [www.crestron.com/manuals](http://www.crestron.com/manuals).

As of the date of manufacture, the ANT-EXT-10 has been tested and found to comply with specifications for CE marking.

Product warranty can be found at [www.crestron.com/warranty](http://www.crestron.com/warranty).

The specific patents that cover Crestron products are listed at [patents.crestron.com](http://patents.crestron.com).
