

IDOC-PAD-DSC

iPanel™ TableTop Docking Station for iPad®

- > A stylish tabletop docking station for the iPad®
- > Models available for the original iPad, iPad 2, and the new iPad (3rd generation)^[1]
- > Transforms the iPad into a stationary Crestron® touch screen
- > Designed for seamless integration with our Crestron Mobile Pro® G control app^[2]
- > Provides a convenient iPad charging solution
- > Available in smooth white or black finishes

The Crestron® iPanel™ TableTop Docking Station (IDOC-PAD-DSC) provides a very stylish solution for charging your Apple® iPad®^[1] while simultaneously using it to control your home, office, or classroom. The iPad slides easily into the iPanel, instantly transforming it into a stationary Crestron touch screen. The iPad can be removed just as easily from the iPanel for portable use.

As part of a complete Crestron control solution, an iPad offers a very practical and powerful touch screen controller for home theater, whole-house automation, and commercial AV applications. Our [Crestron Mobile Pro® G Control App](#)^[2] enables any iPad to work with a Crestron control system, offering professional touch screen functionality through a very stylish and highly-customizable graphical interface.

Adding the iPanel affords the advantage of tabletop touch screen operation and battery charging. Its sleek, innovative design achieves a clean, modern appearance.

The iPanel comes in a choice of white or black, with multiple configurations available to accommodate the original iPad, the iPad 2, or the new iPad (3rd generation)^[1].
